## Mobile Applications (Android/iOS/Windows)

Case Studies

### CEAT Assist Android/iOS Application

CEAT, the flagship company of RPG Conglomerate, is one of India's leading tyre manufacturers and offers tyres to a wide range of segments like Truck/Bus, PC/UV, 2Wheeler, Speciality & Farm Segment.

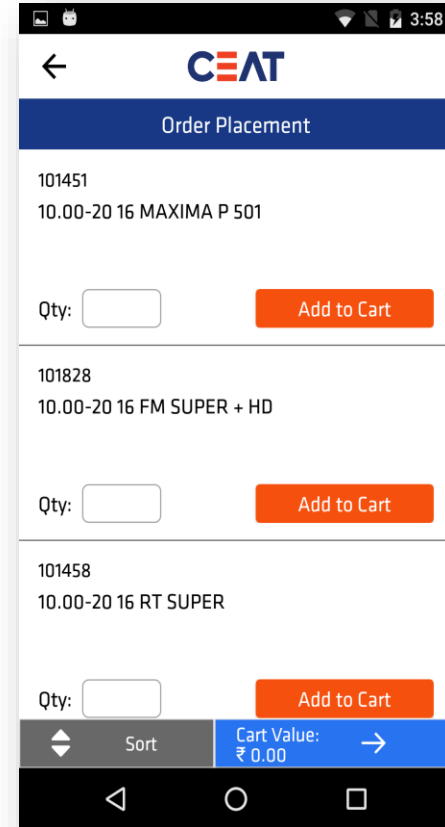

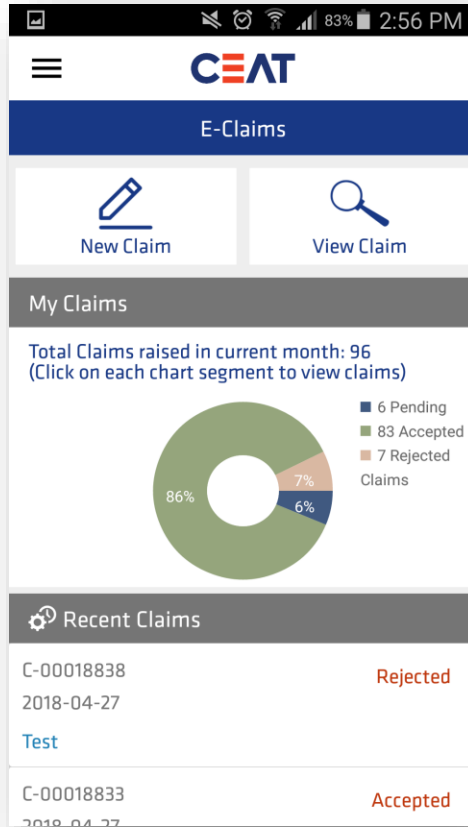

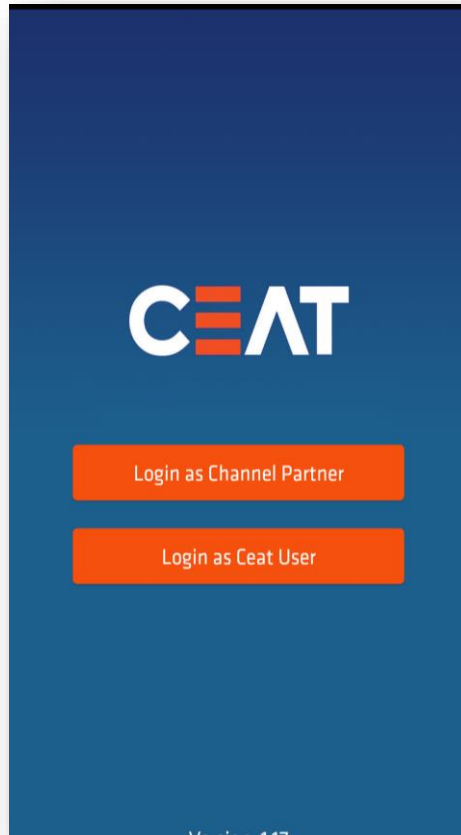

CEAT Assist is an iOS and Android application developed using which CEAT channel partners can –

1. interact with CEAT HO through real-time chatter,
2. Maintain their profile information,

3. Learn about new product offerings, discounts/schemes, and price lists,
4. View financial statements, sales information and other transactional information, and Register, inspect and track claims raised

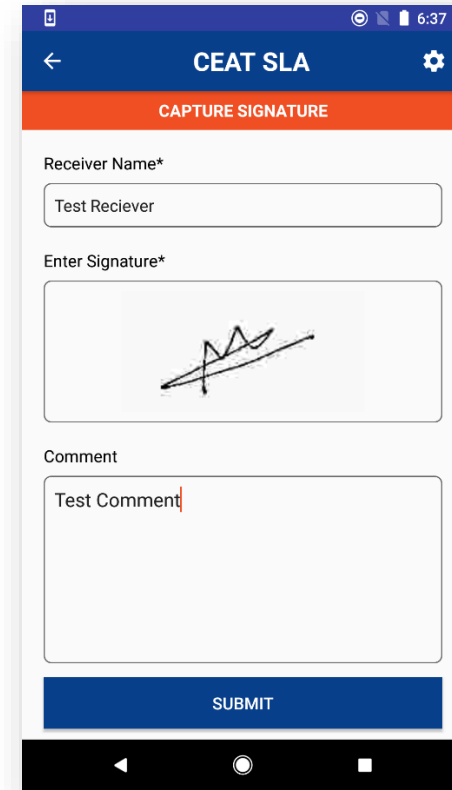

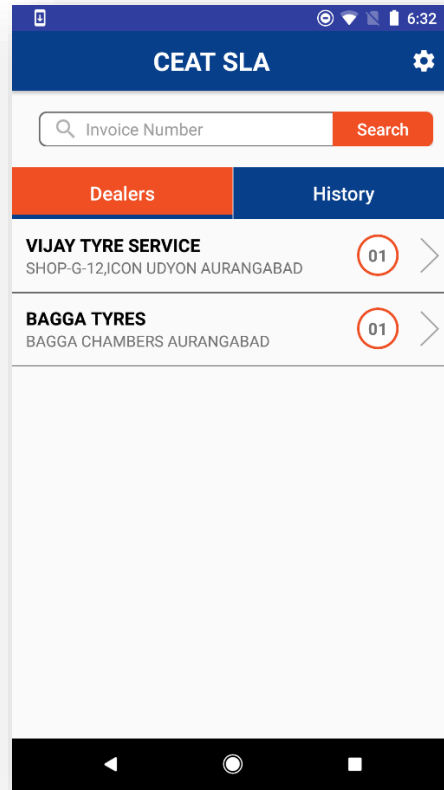

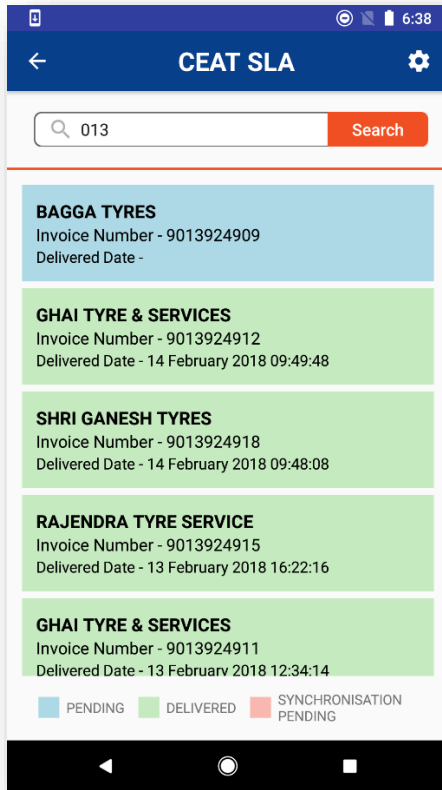

Using CEAT Assist, CEAT's internal users can, to name a few,

1. Learn about new product offerings and price lists,
2. Manage visits

CEAT SLA – Android Application

CEAT SLA app is an application which can be used extensively for CFA users to capture the tyres delivery data on real-time basis
